

FOR IMMEDIATE RELEASE

**TEXACO SERVICE STATIONS INSTALLING SEE-THROUGH PLEXIGLAS BARRIERS;
SOCIAL DISTANCING MARKERS AT CHECKOUT COUNTERS**

These additional protective measures are being installed as an enhanced safety measure to prevent the transmission of the coronavirus (COVID-19)

KAPOLEI, HAWAII – (April 2, 2020) – IES Retail, LLC has installed PlexiGlas barriers at the Texaco stations it operates as an enhanced safety measure, the company announced today.

“We recognize that we provide an essential service to our community. We are doing all we can to provide a safe experience for our customers. The Plexiglas will serve as an additional layer of protection between customers and cashiers to provide another safe way to reinforce social distancing guidelines while continuing to serve our loyal customers,” said Albert Chee, Vice President of Retail & Community Relations.

The step was taken to ensure that Island Energy is protecting its employees, who are in constant contact with the public and provide customers with reassurance and peace of mind.

Chee said, “Our employees are truly the ones to thank for keeping our Texaco stations clean, safe, and open for our customers.”

Many independent business owners in Island Energy Services’ Texaco network are also taking steps to install similar barriers at their locations.

Company operated Texaco stores have also marked off spacing on the ground as a visual cue for customers to remember while in line to maintain separation.

In addition, Island Energy Services has taken a number of precautions including:

- Frequent cleaning of all frequently touched surfaces, like countertops, door handles, dispensers, buttons on equipment, and food equipment to approximately every 60 minutes following the safety guidelines issued by the Centers for Disease Control and Prevention

- Continuing to conduct daily wellness checks with our employees.
- Encouraging customers to use the Texaco mobile app to limit contact while fueling. The app allows customers to pay for fuel from the inside of their vehicle using a linked payment method and allows redemption of Safeway Rewards. To learn more, visit <https://www.texaco.com/MobileApp/>

ABOUT ISLAND ENERGY SERVICES, LLC

Island Energy Services, LLC, (IES) headquartered in Kapolei, is a Hawai'i-based fuels marketing and logistics business providing premier petroleum products for the State of Hawai'i. The company reliably serves retail, industrial, aviation, and utility customers throughout the state through a network of key storage and distribution assets comprising fuels terminals and pipelines. Assets include an import terminal in Kapolei, product distribution terminals in Honolulu and on Maui, Kaua'i and Hawai'i Island, pipeline distribution systems and additional related logistics infrastructure throughout the state. In addition, IES's retail network includes 57 Texaco®-branded gas stations. Texaco® is a registered trademark of Chevron Intellectual Property LLC used under license by IES.
