**Island Energy Services Marks Conclusion of Long-Standing Partnership  
with Rawlins Service on Moloka'i**

*Company Reflects on Years of Shared Service to the Island Community with Gratitude and Aloha*

Kapolei, Hawai'i – April 9, 2026 – Island Energy Services (IES) today announced the conclusion of its fuel supply partnership with Rawlins Service in Kaunakakai, Moloka'i, effective April 9, 2026. The transition follows Rawlins Enterprises Inc.'s recent announcement that founding matriarch Aunty Shirley Rawlins will step back from day-to-day operations after 67 years of family stewardship, a milestone that IES recognizes with deep respect and admiration.

For more than 50 years, IES has been honored to serve as the fuel supplier for Rawlins Service, one of Moloka'i's most enduring and beloved businesses. That partnership has been grounded in shared values: dependable service, integrity, and genuine commitment to the people of Moloka'i.

“Serving the Moloka'i community alongside the Rawlins family has been a privilege and a point of pride for our entire team,” said Al Chee, Executive Vice President, Island Energy Services. “Aunty Mary Lani, her son Larry, Aunty Shirley, Lori-Lei, and generations of Rawlins employees built something rare. A business that truly embodies the spirit of aloha and the meaning of community. We are grateful to have played a role in that legacy, and we extend our deepest respect and best wishes as Rawlins begins its next chapter.”

IES has worked closely with Rawlins Enterprises, Inc. to ensure an orderly and seamless handoff of fuel supply operations, consistent with the company's commitment to responsible service and continuity for the communities it serves. The coordination reflects IES' longstanding belief that transitions, like partnerships, should be handled with care and respect for all stakeholders involved.

Rawlins Service will continue to serve the Moloka'i community under new management and operational arrangements, ensuring that the station remains a resource for island residents. Customers with questions regarding station operations or services are encouraged to contact Rawlins directly.

IES remains one of Hawai'i's leading fuel distributors and continues to serve communities across the state with the reliability, safety, and aloha spirit that have defined the company since its founding.

**ABOUT ISLAND ENERGY SERVICES, LLC:** Island Energy Services, LLC, headquartered in Kapolei, is a Hawai'i-based fuels logistics and marketing business providing premier petroleum products for the State of Hawai'i. The company reliably serves retail, industrial, aviation, military, and utility customers throughout the state through a network of key storage and distribution assets comprised of fuels terminals and pipelines. Assets include an import terminal in Kapolei, product distribution terminals in Honolulu and on Maui, Kaua'i and Hawai'i Island, pipeline distribution systems and additional related logistics infrastructure throughout the state. In addition, Island Energy Services' retail network includes Texaco®-branded gas stations. Texaco® is a registered trademark of Chevron Intellectual Property LLC used under license by Island Energy Services.
